Well, Ladies and gentlemen, I do not have to take you through the genesis of this school. The journey that we have made together has been spectacular so far. From a sheer number of 300 to 1400 on rolls, from a small building to massive infrastructural additions, coupled with innovation and better use of technology. 6 years of spectacular growth is by no means a small achievement.

We always believe in letting our actions speak for ourselves. Six years ago, this school was set up driven by a mission - a mission to fulfill the dream and aspiration of the people of Bhadrak, a mission to turn this school into a hub of academic excellence. I would like to leave it to you to judge whether we have managed to live up to your expectations. All I can say now is that a beginning has been made and we have miles to go and a lot more to accomplish.

Now, we are a senior secondary school with Science & Commerce. The kind of response we have got over the last two years has been amazing and we will do all we can do to turn this school into one of the best senior secondary schools in the state. All we need is your good will, trust and co-operation.

Dear parents, every child is a genius. The enormous possibilities living inside him/her must be unearthed and given a platform to excel. Since our young and charismatic chairman Mr. Debasis is committed to providing a conducive environment to our kids, I'm sure that your kids will be one among the best in the region. Our Managing Director Dear Bidyadhar, a young and enterprising leader who always comes up with innovative ideas for the betterment of our school, Mrs. Bandita, Mrs. Asha, our young and dynamic vice principal and a team of nearly 80 teachers who work with a lot of enthusiasm and energy day in and day lay out-together we make a great team a team which is constantly driven by the ideals and mission of the school.

Ladies and gentleman, I would like to make a special mention of a man who is behind the establishment of our school. He is none other than Mr. Anandananda Dixit, a man who has always been a source of inspiration & motivation to all of us. I would like to express my gratitude to the intellectuals and well wishers who have shown us light and direction in our journey. Ladies and gentlemen, we always believe that we must reform ourselves to perform to the best of our abilities to transform the lives of young minds. "SBDIS FIRST" has always been our motto and we seek your blessings to help the school reach greater heights of success. Now, I would like to request our V.P., Mr. Hotta to take you through the journey of activities and achievement our school has experienced in the current Academic year.

Good evening Ladies and Gentlemen!

Dear Parents, as our honourable Director has said, it will be no exaggeration to say that our school has always led from the front - be it scholastic or non-scholastic. We are well ahead of others when it comes to providing innovation in the class room and following student centric approaches. We stand apart as quality assurance and quality maintenance have been our bench marks. Ladies and gentleman, I would definitely not want to bore you by reading out a traditional report that talks about state of the art facilities of the school, Minds spark, Asset, Sportathon, Clash of Pie and many other. In fact, we are the one and only institute in the district to provide all these facilities. Instead, I shall take you through the moments that have made us feel proud, brought us glory and reputation, the experience we have found worthy sharing.

Dear Parents, the session 2017-18 gave us the moments to celebrate when our 3rd batch - X results were out. 16 students secured more than 90% and 80 out of them secured more than 95%. **Our topper Payal Behera with 98%** was the topper in the district. This would not have been possible without sweat, hard work and commitment shown by our students & teachers. I congratulate them all.

Dear Parents, I deem it my proud privilege to announce that our school is one among only three schools in the state of Odisha to have won "**International School Award**" by **British Council**. It is that coveted award which every school craves for. The other two schools in Odisha are Sai International School and Kiit International School.

I am proud to announce that our Principal is a CBSE appointed observer for the CBSE conducted examinations like NEET and AIEEE. Our V.P, that is me, is one of the selected resource persons of CBSE to have conducted training sessions and workshops for the teachers all over the state of Odisha.
